Polished Brass Video Panel shown with camera and optional Postal Release Switch (PO4021) installed

Complete your installation with a custom-made Polished Brass or Vandal-Resistant Stainless Steel apartment entrance panel. Options available for these panels include built-in camera (in Black and White or Color) (fixed or moving), engraved building name or address, postal release, built-in (concierge or lobby) privacy handset, and more. V.I.P.™ panels can be made in any almost any size and configuration, to enhance your building.

### VH30AK and VH30CAK Video-Intercom Monitors

The Alpha Communications®/S.T.R.™ VH30AK and VH30CAK (apartment house) series monitors are designed to meet virtually any requirement for video-intercom security.

All VH30AK monitors feature a crystal clear 4.0" black and white flat screen monitor (measured diagonally). The VH30CAK COLOR monitors feature a 4.0" (diagonal) COLOR LCD screen. Both models feature textured finish handset (to minimize scratches and fingerprints), electric buzzer signalling (adjustable), heavy duty replaceable coiled cord, electret condenser microphone for exceptional voice fidelity, and two (2) momentary button switches. These switches can be used for door release or other optional signalling functions, depending upon system configuration.

### FEATURES

- 4.0" (diagonal) Crystal Clear Black & White video screen (VH30AK) or COLOR LCD screen (VH30CAK)
- Convenient Duplex Voice Operation
- Easy Installation (mounts right on surface of finished wall)
- Low profile flush monitor protrudes only 2.25" from wall
- Clear Voice Fidelity using Electret Condenser Microphones
- Rugged and Reliable. Simple to Operate
- Monitor features quick disconnect wire harness
- Monitors feature rotary dial Brightness, Contrast and Vertical Hold controls

### DIMENSIONS

All VH30AK and VH30CAK series monitors are 9.50"W (242mm) x 8.75"H (223mm) x 2.25"D (58mm). All dimensions shown are outside dimensions for the surface type monitor+handset, less the coiled cord.
