VM-401W

ARCHITECTS' AND ENGINEERS' SPECIFICATIONS

The video monitor station shall be Alpha Communications® model VM-401W. Monitor shall be surface (or desk) mounted. Monitor shall include a high quality 4.00" (10.2mm) black and white Braun picture tube (measured diagonally). Monitors using mirrors or other non-flat type screens shall not be acceptable. Monitor shall include an On/Off button, manual 2-camera selector switch, contrast control, power-on LED, 12VDC power supply, 1-way (receive only) audio speaker and mounting hardware to allow for surface or desk mounting. Monitor shall be constructed of high impact ABS plastic in a soft white color with black imprint. Monitor shall work with standard NTSC type C.C.T.V. cameras (60 Hz).

VM-401W Video Monitor

The Alpha Communications® VM-401W video monitors are designed to meet virtually any requirement for a compact black and white video (CCTV) monitor.

These attractive monitors surface mount right onto the wall, by means of a bracket (supplied) or can be desk mounted with a desk adapter (provided).

All VM-401W monitors feature a crystal clear 4.00" (10.2mm) black and white Braun picture tube (measured diagonally), (1-way) audio speaker, On/Off switch and manual 2-camera selector switch, power-on LED indicator, and come complete with a plug-in 12VDC power supply.

FEATURES

- 4.00" (diagonal) Black & White Braun Picture Tube
