Rev. 6 - 03/2007

IR150N

ARCHITECTS' AND ENGINEERS' SPECIFICATIONS

Remote Rescue station(s) shall be Alpha Communications®/Tektone IR 150N or approved equal. Station features shall include solid state Green "Call Placed" and Red "Audio On" LED indicators, Call button, Cancel button, and 3.50" speaker/microphone with voice response. All functions shall be provided by solid state circuitry mounted on a printed circuit board. All components of the station shall be mounted on a rugged extruded aluminum panel with black speaker grille. Positive screw terminals shall be used for electrical connections. When used with the NC150N and/or NC150R series Area of Rescue Assistance system(s), contractor shall furnish and install a model SN-C41 raised letter/Braille self-stick 'PUSH FOR HELP' sign, adjacent to each IR150N remote station.

Contractor shall observe all local and national electrical, building (and A.D.A.) codes.

IR150N Remote Rescue Station

The Alpha Communications® IR150N Remote Rescue Station may be used to provide communication between the Area of Rescue Assistance Master Station(s) and any remote area of rescue assistance location needed.

A call button is provided to initiate calls and a reset button to cancel calls. A solid state call-placed indicator provides call assurance. A sensitive speaker microphone permits hands-free communication. The reliable solid state circuitry is mounted on a rugged extruded aluminum panel with black speaker grille.

FEATURES

- Push button calling
- Call reset push button
- Intercom indicator lights when remote is being monitored
- Sensitive speaker/microphone
- Solid state circuitry

SPECIFICATIONS

Dimensions:	Height: 5.00" (127mm) Width: 6.88" (157mm) Depth: 2.00" (50mm) Projects: 0.50" (13mm) above mounting surface
Construction:	Rugged extruded Anodized Aluminum faceplate with Black ABS plastic grille
Finish:	Brushed Anodized Aluminum extruded faceplate
Speaker/Mic:	3.50" (89mm) with voice response
Connections:	Positive screw terminal connections
Housings:	Flush mounting box (model IH106N) horizontal mount
