NC386B Tek-MMARS™ II

ARCHITECTS' AND ENGINEERS' SPECIFICATIONS

The Management Monitoring And Reporting System (MMARS) shall be Alpha Communications®/Tektone® Tek-MMARS™ II NC386B. It shall be capable of monitoring the activity of a combination of up to eight (8) Alpha Communications® NC300 & NC300II microprocessor-based nurse call systems. The calls from these systems shall be displayed on an SVGA flat panel color monitor. Tek-MMARS™ II shall also store on hard disk all the events from those systems. This information may be retrieved in the form of concise, easy-to-read Management Reports, requested by the user.

The NC386B shall include all software and hardware necessary to interface with the Alpha Communications®/Tektone® NC369 Radio Paging Transmitter unit.

Tek-MMARS™ is a registered Trademark of Tektone Sound & Signal Mfg. Microsoft® and Windows® are registered Trademarks of Microsoft Corp.

NC386B Tek-MMARS™ II Management Monitoring And Reporting System

Tek-MMARS™ II is a fully integrated real time nurse/patient communications monitoring system. The Tek-MMARS™ II system allows data to be visually monitored and/or stored for follow-up review and evaluation. This system allows production of hard-copy printouts, which facilitates the process of generating periodic performance reports.

Tek-MMARS™ II also allows enhanced pocket paging capability, including the assignment of pagers by zones, call types, shifts or room numbers.

FEATURES

- Radio pager systems interface and programming software
- Centralized Call Monitoring (*not intended as the primary means of annunciation*)
- CRT monitoring and nurse station event printout
- Microsoft® Windows® XP-based computer, includes: flat panel monitor, keyboard, keyboard mouse, speakers and dot-matrix printer for event printing.
- Selective call monitoring in color
- Reporting accessible via network
- Selective CALL Monitoring in COLOR
- Reporting accessible via network

REQUIRED COMPONENTS

- NC300 and/or NC300II Nurse Call System(s)

Due to continuous product improvement, all colors, sizes, materials, finishes and specifications are subject to change without notice.
