947 Digital-Dial Lobby Entry Panel with built-in (black and white) (moving type) CCD Camera

ARCHITECTS' AND ENGINEERS' SPECIFICATIONS

The digital-dial entrance panel(s) shall be the Alpha Communications®/Elvox™ Video type (Digi-Bus™) 947 series, or approved equal. Electronic panel(s) shall be in natural (clear) anodized aluminum finish complete with microphone and loudspeaker, a built-in (black and white) CCD camera (moving type), 15-button keypad, 4-line backlit LCD display indicating instructions and selected names, UP and DOWN scroll buttons, Call and Reset buttons, and protective rain hood. The built-in electronic circuit shall be on interchangeable cards and shall contain external and internal volume controls. Unit shall be full surface mount type and shall require no flush back box or housing. Unit shall require the model 950 field programmer.

Contractor shall install as per manufacturer's instructions and shall observe all local and national electrical codes.

947 Series Video Digital-Dial Digi-Bus™ Lobby Entry Panel

The Alpha Communications® 947 Video (Digi-Bus™) Series Digital-Dial Lobby Entry Panel is designed to call up to 1,000 of the model 5601/940 or 5604/940 series (or equivalent) remote apartment video monitor stations.

Calling to the remote monitors is digital, with built-in electronic directory for up to 1,000 names/users and up to 16 characters each. Each 947 series panel includes a built-in (black and white) CCD camera, 15-button keypad, 4-line backlit LCD display indicating instructions and selected names, UP and DOWN scroll buttons, Call and Reset buttons, and protective rain hood. The 947 series panel is designed for surface mounting on the finished wall surface and is finished in natural anodized (clear) aluminum finish.
