Rev. 1 - 07/1998

4000A18
(18 Station Master shown)

ARCHITECTS' AND ENGINEERS' SPECIFICATIONS

The master station(s) shall be Alpha Communications®/ Elvox (4000/A01, 4000/A03, 4000/A06, 4000/A12 or 4000/A18) or equal. Each 4000A system shall have a maximum of one (1) master station.

Master station(s) shall have a built-in amplifier and power supply and shall connect to 120VAC power. Master station(s) shall have a self-contained desk/surface housing and shall be finished in high impact Beige ABS plastic.

Master station(s) shall have call-in LED annunciation and tone, when a remote signals to the master.

The 4000A series masters shall be used with the 4050/001 (indoor) desk/surface remotes, 9951 1-button flush (outdoor) remotes and the 9971 1-button surface (outdoor) remotes.

Contractor shall observe all local and national electrical codes.

4000A Series Master Stations

The 4000A series master stations combine modern styling with ease of voice operation to provide natural, clear voice communication along with remote call-in visual LED annunciation. The 4000A series masters are available in configurations of 1-call, 3-call, 6-call, 12-call and 18-call capacities. The 4000A series can only have one (1) master per system.

The master has a built-in amplifier and power supply and connects directly to standard 120VAC power, requiring no additional power supplies. Each 4000A master has a self-contained housing which allows the master to be mounted surface on the wall, or on a desktop.

The 4000A series masters are used with the **4050/001** (indoor) desk/surface remotes, **9951** 1-button flush (outdoor) remotes and the **9971** 1-button surface (outdoor) remotes.

FEATURES

- Simple push button operation
- Easy Installation
