4050/001 Wall/Desk Remote

9951 (Flush)

9971 (Surface)

ARCHITECTS' AND ENGINEERS' SPECIFICATIONS

The remote station(s) shall be Alpha Communications®/ Elvox (4050/001, 9951 or 9971) or approved equal. Each remote station shall require only two (2) conductors to be connected to the 4000A series master station.

The model 4050/001 shall be used for indoor applications, and shall feature a plastic enclosure with built-in desk/surface wall housing, and an oversized Call button.

The model 9951 shall be used for outdoor or indoor applications, and shall feature a rugged, yet narrow, aluminum faceplate and metal speaker grille, with flush backbox/housing, and a large Call button, with built-in nameholder.

The model 9971 shall be used for outdoor or indoor applications, and features a rugged, yet narrow, aluminum faceplate and metal speaker grille, with surface enclosure, and a large Call button, with built-in nameholder.

Contractor shall observe all local and national electrical and building codes.
