OR202 Duo-Com™ Outdoor Remote Station

The OR202 outdoor remote stations provide for call capability and two-way, hands-free communication to the Alpha Communications® SM202 inside master stations. Made of durable Black ABS plastic, they blend easily with virtually any outdoor building decor, and resist looking soiled and dirty.

The OR202 remotes are 2-wire type and are used exclusively with the SM202 Duo-Com™ master stations.

Where vandalism is a concern, the OR202 can be protected using our model CP202SS, stainless steel cover plate assembly.

FEATURES

- Simple push button operation using only 2 wires
- Hands-free reply
- Durable Black ABS Plastic Construction
- Clear voice quality
