

#62995

ARCHITECTS' AND ENGINEERS' SPECIFICATIONS

The Protective Rain Hood(s) shall be Alpha Communications®/Stento model #62995 or approved equivalent. The rain hood shall be 5.75" H x 8.0" W x 4.0" D and shall be used with the #9625 or #62926 remote station(s).

The rain hood shall be made of 5052 aluminum and painted high visibility yellow, for easy locating.

Contractor shall observe all local and national electrical codes.

#62995 Protective Rain Hood

The #62995 Rain Hood provides extra protection for the #9625 or #62926 outdoor intercom remote stations, by shielding the station(s) from the extremes of weather. The extended hood protects rain or ice from penetrating the speaker and microphone, keeping excessive moisture off of the station(s).

The Rain Hood(s) should be used when installing the #9625 or #62926 remote station(s) outdoors. The Rain Hood is made of 5052 aluminum, which provides excellent corrosion resistance and strength. Rain Hood conforms to Federal specifications QQ-A-250/8. The Rain Hood is painted high visibility yellow, for easy locating.

FEATURES

- Conforms to Federal Specifications QQ-A-250/8
- High Visibility Yellow Paint
- Made from 5052 Aluminum
