## ARCHITECTS' AND ENGINEERS' SPECIFICATIONS

The flush and surface back box(es) shall be Alpha Communications®/Zenitel model 6297, 6298 or 62991 or approved equal. The 6297 and 6298 shall be made of steel, and painted in a Grey epoxy finish. The 62991 shall be made of cast aluminum, and finished in a bead blasted finish. All three (3) models shall be used with the model #9625, #96257, #62920 and #62926 remote intercom stations.

Contractor shall observe all local and national electrical codes.

## 6297 / 6298 / 62991 Flush & Surface Backboxes

The Alpha Communications® models 6297 and 6298 are made of steel and painted in a Grey epoxy coated finish for long life. The 6297 is designed for flush mounting and the 6298 is designed for surface mounting.

The Alpha Communications® model 62991 are surface mounting boxes made of cast aluminum, in a Bead Blasted finish for long life.

These boxes are finished on top, bottom and both sides, and are closed in the back.

These boxes are typically used with the #9625, #96257, #62920 and #62926 remote intercom stations.
