## 7000 Black & White and 7002 Color Video Monitor

The Alpha Communications®/Elvox™ 7000 and 7002 Galileo series series monitors are designed to meet virtually any requirement for low-rise and high-rise apartment video+intercom security.

These attractive monitors surface mount right onto the wall, by means of a steel backplate (supplied) and can be used alone or with a compatible 7100 series intercom handset.

All 7000 and 7002 monitors feature a low profile 4.0" (102mm) monitor (measured diagonally) with brightness and contrast controls. The model 7000 is a Black and White monitor and the model 7002 is a Color LCD monitor.

When combined with our vandal-resistant lobby entry stations and intercom handsets (and related accessories), the 7000 and 7002 monitors are part of a complete building security system.

### FEATURES

- 4.0" (diagonal) Low Profile video screen (in Black and White or LCD Color)
