SF001J

SF001J Wall Jack Station

The Alpha Communications® SF001J visual patient station includes a jack for the insertion of a model SF301/8 (single) or SF302 (dual) call cord set (or equivalent).

The SF001J has a conventional 1/4" 'phono' type jack and accepts a variety of plug-in type call cords and/or devices. The SF001J features a White Plastic faceplate, and mounts on a single gang electric box or plaster ring.

FEATURES

- White Plastic Faceplate
- Standard 1/4" Phono Jack

SPECIFICATIONS
