TTS Series Illuminated Button Free-Standing Pedestals

The Alpha Communications®/S.T.R.™ TTS series entrance pedestals are rugged extruded aluminum entrance stations equally suited for indoor or direct outdoor applications. Standard finish is White. Dark Brown Anod. Aluminum., Natural Aluminum, Black or other custom colors are also available at extra cost.

All TTS series pedestals feature oversized, gold-plated, self-wiping, illuminated call buttons, European styling, mylar loudspeaker and electret condenser microphone for exceptional voice fidelity.

These attractive but rugged pedestals can be made with any number of buttons in almost any configuration.

All pedestals are available with information modules, built-in privacy handsets, annunciator lights, built-in CCD camera (in Black and White or Color/'TTSV' series), with infrared illuminators, and a host of other optional features.

TTS pedestals come complete with all mounting hardware and are designed to be bolted to a flat concrete surface.
