

HT3033A (Anthracite) Handset shown with optional UM3004A Flush Adaptor and Trim Ring and HT3033W (White) Handset shown with optional TZ1003WH Desk Adaptor

ARCHITECTS' AND ENGINEERS' SPECIFICATIONS

The 2-Wire handset station(s) shall be Alpha®/S.T.R.™ QwikBUS™ HT3033 in (White, Titanium or Anthracite) color. Handset(s) shall be mounted (surface, flush or desktop). Handset(s) shall feature electret condenser microphone for exceptional voice fidelity. Handsets that include carbon transmitter or other voice technologies shall not be acceptable. Handset shall have a textured finish and heavy-duty coil cord. Handset shall include a door release (KEY SYMBOL) button and auxiliary (ROUND DOT) push button. Push buttons shall be clearly visible and shall be marked in a different color. Handset(s) shall include a built-in electronic call tone signal. Handset(s) shall require only two (2) common (loop) wires for system operation, or can be made into 4-wire version using HT2DV adaptor, for 4-wire QwikBUS™ systems.

Contractor shall observe all local and national electrical and building codes.

HT3033 Series Handsets

The Alpha®/S.T.R.™ HT3033 QwikBUS™ Series handsets are designed to work as an apartment type handset intercom station, using a minimal of wiring. All HT3033 handsets in a building can be wired on only two (2) common (loop) wires! Choose from White, Titanium or Anthracite (Charcoal) colors.

These attractive handsets easily surface mount right on the wall or over a single gang flush electrical back box (or plaster ring). Handsets can be changed to desk mount with the addition of a model TZ1003 desk adaptor, or can be flush mounted with the addition of a Model UM3004 flush housing/trim assembly.

All HT3033 series QwikBUS™ handsets feature textured finish (to minimize scratches and fingerprints), electronic tone signaling, heavy duty replaceable coiled cord and (3) three momentary button switches. These switches can be used for door release, or other signalling functions, depending upon system configuration, as well as LED indication.

FEATURES

- Crystal Clear Half-Duplex Voice Operation
- Easy Installation - Only 2 Common (loop) Wires Required (Can be made into 4-wire version using HT2DV adaptor)
- Eavesdrop Privacy
- Clear Voice Fidelity using Electret Condenser Microphones
- Rugged and Reliable / Simple to Operate
