

**1998/A (or 1998) SimpleBUS2  
Concierge Desk Master Station**

### ARCHITECTS' AND ENGINEERS' SPECIFICATIONS

At each master switchboard location, contractor shall furnish and install one Alpha Communications®/Comelit SimpleBUS2 model# 1998/A video type (or model# 1998 audio only type) Concierge Desk Master Station, or approved equal, and associated power supplies. Master station shall be desk mount type, molded White ABS plastic, and shall have a 32 character LCD display, Day/Night operation switch, call buttons, memory scroll and privacy handset. At each remote location, contractor shall furnish and install the appropriate compatible model SimpleBUS2 video-intercom (or intercom only) station(s). Wiring to each video-intercom or intercom only station shall be only 2-common wires (looped).

Contractor shall observe all local and national electrical and building codes.

### 1998 and 1998/A Concierge Desk Master Station(s)

The AlphaCommunications®/Comelit 1998/A Concierge Desk Master Station is used with the SimpleBUS2 video-intercom system, and can be used in Luxury Apartment Buildings, Assisted Living Facilities, Dormitories, Health Care Facilities, Hotels, Motels, Schools, Offices, Bowling Alleys and Supermarkets. The 1998/A provides conversation with remote video-intercom stations as well as door entry station(s). A 32 character LCD readout annunciates both incoming and outgoing calls, and incoming calls are stored in memory for return call-back. Call signalling is by pleasant electronic tone. The 1998/A also has provisions for Day/Night operation with part time doorman/concierge/guard by switching conversation to entry station(s). This station is ideal for large building units because many installation problems have been solved by eliminating the use of switching modules.

NOTE: for non-video type SimpleBUS2 audio only intercom systems, use the model #1998 Concierge Desk Master Station instead of the 1998/A. The 1998 has all of the same features as the 1998/A and same dimensions, except it does not support video capabilities.

### FEATURES

- Easy 2-Wire Intercom Hookup to Remote Video-Intercom station(s) (looped)
- Private Conversation from Handset to Switchboard
- Compact Size 1998/A Master Switchboard Conveniently mounts right on Desk-Top
- Multiple Entry Panel Capability and Switching standard

### SPECIFICATIONS

**Dimensions:** All 1998/A and 1998 desk masters are 6.25"W (159mm) x 3.50"H (89mm) x 9.25"D (235mm). All dimensions shown are outside dimensions, less the coiled cord.

*Due to continuous product improvement, all colors, sizes, materials, finishes and specifications are subject to change without notice.*
