

**1000/AL  
No Call Button  
Video Grille Module**

### ARCHITECTS' AND ENGINEERS' SPECIFICATIONS

The Double-Wide Call Button Module(s) shall be Alpha Communications®/Golmar Stadio Series, or approved equal.

Module(s) shall be made of 1.8mm thick anodized aluminum and shall feature a built-in protected camera window and vandal-resistant speaker/microphone grille.

Module(s) shall be used with the model EL530 (B&W) or EL531 (COLOR) camera and sound module, as well as any pushbutton or call button module(s) required.

Contractor shall observe all local and national electrical and building codes.

### 1000/AL No Call Button Video Grille Module

The Alpha Communications®/Golmar 1000/AL No Call Button Video Grille Module is used with the Stadio series of snap together video door stations.

Made of 1.8mm thick anodized aluminum, the 1000/AL features a vandal-resistant speaker/microphone grille along with the protected video camera window.

The 1000/AL requires the EL530 (B&W) or EL531 COLOR Camera and Sound Module (or equivalent depending on system being used).

The 1000/AL is also used with the model 600/AL closing heads (end caps) for the Stadio series panels.

### FEATURES

- Rugged 1.8mm thick anodized aluminum
- Built-in protected camera window
- Built-in vandal-resistant speaker/microphone grille
