WINPC/TS20 Windows PC with 20" Touchscreen Monitor (shown less the separate 30W stereo speakers and subwoofer)

WINPC/TS20 Windows PC with 20" Touchscreen Monitor

The Alpha Communications® WINPC/TS20 Windows PC with 20" Touchscreen Monitor is used primarily with the AlphaEntry™ software to act as a Concierge or Master Station for calling to and from remote communication devices, but can also be used for other system and software applications.

The WINPC/TS20 is an all-in-one desktop computer that fits both the tower and monitor into a stunning, space-saving design. Featuring a decor pleasing Black finish, the WINPC/TS20 will fit your equipment needs, budget and building decor.

A large 20.0" w LCD touchscreen and 16:9 aspect ratio make it ideal for displaying a large amount of data onscreen, and enabling the user to choose from keyboard or touchscreen functionality.

ARCHITECTS' AND ENGINEERS' SPECIFICATIONS

The Windows PC with 20.0" Touchscreen Monitor(s) shall be Alpha Communications® AlphaEntry™ model WINPC/TS20, or approved equal. The WINPC/TS20 shall include Genuine Windows 7® Home Premium 64Bit with an AMD® Athlon® Dual Core Processor. The WINPC/TS20 shall feature a 750GB 7200 RPM SATA hard drive, a built-in 1.3-megapixel webcam, 10/100 Ethernet connector, 5 USB 2.0 ports, integrated audio with 30W stereo speakers, 6-in-1 media reader, ATI Radeon HD 3200 integrated graphics, and slotload DVD burner with Lightscribe. The WINPC/TS20 shall include a wireless multimedia keyboard and optical mouse and shall be finished in the standard Black color.

Contractor shall observe all local and national electrical and building codes.
