Rev. 1 - 10/2010

**KIOFS019TS
19.0" Touchscreen
Free-Standing Outdoor Kiosk
(shown with AlphaEntry™
v3.0 software installed)**

ARCHITECTS' AND ENGINEERS' SPECIFICATIONS

The 19.0" touchscreen free-standing outdoor kiosk(s) shall be Alpha Communications® AlphaEntry™ model KIOFS019TS or approved equal. The KIOFS019TS shall include Genuine Windows Vista® OS with an Intel® Celeron® Processor. The kiosk unit shall feature a 160GB hard disk drive, and integrated audio - stereo speakers. Kiosk shall be finished in the standard powder coat (or optional extra cost finish as directed by the building owner or architect/designer) and shall be made of a rugged 1.3mm steel housing. Kiosk(s) shall include a built-in color webcam, microphone, 10/100/1000 LAN connection, RJ7 phone jack and shall be secured by two (2) octagonal 7-pin tumbler locks, and provided with 4 keys. Kiosk shall be vandal-resistant and dust/water resistant in a NEMA 4 rated enclosure, and shall include an Airco X-series heating/cooling system.

Contractor shall observe all local and national electrical and building codes.

KIOFS019TS Free-Standing 19" Touchscreen Kiosk

The Alpha Communications® KIOFS019TS 19" touchscreen free-standing outdoor kiosks are used primarily with the AlphaEntry™ software to act as an Entry Master (or Lobby) Station for calling to and from remote communication devices, but can also be used for other system and software applications.

The KIOFS019TS is an all-in-one unit that fits both the small form factor PC and touchscreen monitor into a stunning, space-saving, yet rugged design. A large 19.0" LCD touchscreen makes it ideal for displaying a large amount of data onscreen.

FEATURES

- Genuine Windows Vista® OS with Intel® Celeron® 2.2Ghz processor and built-in Dell OptiPlex 780 Small Form Factor OptiPlex™ PC
